Prague, 28th of March 2017

Dear Ladies and Gentlemen / Dear Business Partner,

First of all let us express our thanks for visiting us during Ambiente fair, for your support and your orders. Thank you!

We would like to inform you about recent changes in our company, about our plans for near future and that is the reason why we are sending this letter to you.

We were forced completely to cancel our cooperation with CRYSTALITE BOHEMIA factory and we sold the molds of Angles and Spectral collections to them. We have also changed our logo as it was significantly close to CRYSTALITE one.

We have decided to go ahead with **GIFTWARE and BARWARE** assortment. Our first **FLAMENCO collection** will be available **in the end of June** so you can plan your orders accordingly. Of course we have **available stock of ANGLES collection** so you can continue with us till the stock disappears.

It is really pleasure to inform you that we have agreed with very strong partner and reliable European factory Nachtmann where we are going to produce our designs. The glass composition will be the same and we can promise you the same or even better quality. Another good news is that we will keep sufficient stock supply of our products during the whole year and keep our current price level for you.

During May we will introduce another new giftware collection and in the end of 2017 the third collection will come.

Thank you very much for your attention and for the excellent work you have done for us!

Warm regards,

Tomáš Fiřt
